

SAVE OUR RIVER

Answer the questions below based on the picture provided.

What happened to the fishes?

What can we do to avoid this situation?

Why is this happening?

SAVE OUR RIVER

Answer the questions below based on the picture provided.

What happened to the fishes?

The fishes are dead.
Dead fishes float.

What can we do to avoid this situation?

- Do not throw rubbish into rivers & river ways.
- Reduce the usage of water.
- Used cooking oil must not discarded into the drain.
- Turn off the water tap when not in use.

Why is this happening?

The water in which they live is polluted.
